

Tools

Best practices

Tools

Which best practices and guidelines do you document? Do you have any examples of best practices that you need to document but haven't yet?

Tools

Mapping skills

Tools

Do you visualize your skills, competencies, and dependencies? If yes, how do you do that?

Tools

Matchmaking events

Tools

How do you find the people to collaborate with? How do you connect with the people?

Tools

Proof of concepts

Tools

If you use PoCs created with others ,
how do these tell you about the worth
of the collaboration?

Tools

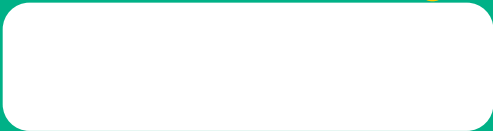

Communication channels

Tools

How do you manage the communication that occurs synchronously and asynchronously?
Which one fits what kind of purpose?
